MESSAGE:

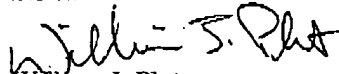

Examiner Kienersi:

Thank you for arranging the meeting. My goal is to clarify any issues and ensure that we are on the same wavelength when it comes to the issues pending. The specific proposed agenda is as follows:

1. briefly discuss the invention and redirection of data
2. clarify where the Logan reference teaches all the processing devices (first, second, third, fourth) in the claims
3. whether the Logan reference teaches redirection of data (not just redirection of HTTP requests)
4. what devices in Logan receive and redirect data already in transit as claimed

Please do not hesitate to call if you have any questions or concerns.

Regards,
BEYER WEAVER & THOMAS, LLP
